

September 12th is Grandparents Day! Here at Wish Upon A Star we would like to help honor all of the grandparents in our community. Our VPK class will be picking flowers from their garden and will deliver them to a neighboring nursing home. All of our classes will also be making cards and pictures to go with the flowers. Our VPK kids will walk over to the nursing home and visit with our community's grandparents when delivering the gifts. We hope this will help brighten up their grandparent's day and remind them how special they are!
