

Wish Upon a Star News * June 2018

Volume 10
Issue 6

Closing Time

Please remember WUAS closes promptly at 6pm. If you arrive after this for pick up, your account will be charged a late fee of \$1 per minute (per child).

Donuts for Dads

Father's Day is Sunday June 17th. We would like to honor all of the Great fathers in our center with a special treat on Friday, June 15th.

Please join us between 7-9am for Donuts with Dads! Thank you for all you do! Your children appreciate all the love and time you spend with them!

Summer Camp

Our summer camp is divided into three groups (A, B, and C) Groups A and B go on offsite field trips daily and are required to wear WUAS shirts (\$6) on each trip. Group C participates in activities only at our center. Please make sure you know which group your child is in and are aware of their schedule.

In order for your summer camper to have enough time to enjoy breakfast, and get ready for the days activity; please have your child here by 8am every day. Your child should be dressed appropriately for the day's activities (examples: socks, swimsuit, sunscreen) Remember: Tuition must be paid on Monday for the week in order for your child to attend field trips.

The Summer Heat Is Here

* **Slow down.** Strenuous activities will be reduced, eliminated, or rescheduled to the coolest time of the day.

* **Dress for summer.** Dress your child in lightweight/light-colored clothing to reflect heat and sunlight, which will help their body maintain normal temperatures. (remember CLOSED toe shoes)

* **Drink plenty of water or other fluids.** Encourage your child to drink water and fluids throughout the day to keep their bodies cool.

* **Don't get too much sun.** Sunburn makes the job of heat dissipation that much harder.

PLEASE APPLY SUNSCREEN BEFORE

Classroom Changes

In the upcoming months, you will notice a lot of room promotions and changes in teachers around our center. Please understand, Wish Upon A Star will only change a teachers position in order to create a balanced environment in each classroom. Promotions are essential to ensure each child reaches their maximum potential both academically and physically. We will use careful consideration in collaboration with both feedback from your child's current teacher and future teacher before a child is promoted. Adapting to a new classroom can be a challenge for both parents as well as children but please be patient during the process. Your child's growth and development is our primary concern. Please see your child's teacher or the administration with any questions you might have throughout the progression.

Congratulations

Congratulations to our 2018 VPK classes! Our wonderful children are off to begin their academic years and we know our awesome teachers have given them a solid foundation to build upon. We send them off to Kindergarten with our love and know they will continue to make WUAS proud!

We also want to thank our WUAS parents for all their continuous love and devotion. We could not succeed at our job without your help!

Parent involvement is vital to every child's academic achievement. Please know how much your hard work is appreciated every day!
